Re: WTC Student Intern Program 2023-2024

---

The Warehouse Theatre Company is excited to announce the WTC Student Intern Program for the 2023-2024 school year.

The mission of the Warehouse Theatre Company is to engage, enrich and encourage our community through shared experiences in the theater arts. The WTC Student Intern Program helps fulfill this mission by providing a learning experience for local students (freshmen through college, up to 22 years old) who are interested in theater arts. Through active participation in the business and craft of non-profit community theater, WTC student interns will: receive support, education and mentoring from WTC board members, production teams and members-at-large; deepen their appreciation for theater, non-profit organizations and volunteers; and be ambassadors for WTC and the arts in our community.

WTC knows that students have very busy schedules. Each intern will be given opportunities on a flexible schedule that matches his or her time constraints and commitments. Interns can expect to spend about 4-6 hours a month as they learn about and participate in theater activities. This is an unpaid internship led by WTC volunteers. All activities will take place at the Warehouse Theatre Company building at 1610 S. 24th Avenue in Yakima.

Interns will be selected through a competitive process that includes a written application, an interview, and a letter of recommendation. The number of interns to be selected will be determined based on the number of qualified applicants and the number of available mentors. Additional information is attached.

Please share this information with interested applicants. We appreciate your support of this new program and look forward to sharing our love of theater with students. Questions may be directed to [chelle@warehousetheatrecompany.org](mailto:chelle@warehousetheatrecompany.org).
